### **Entrepreneur & Rideshare Driver** – **FEBRUARY 2017 – FEBRUARY 2020**

- Co-founded online retail store for decorative camera lens caps, ended up finding lack of market demand.
- Owned and rented out two vehicles on peer-to-peer rental platforms Turo and HyreCar. Venture was profitable and would have scaled well for subsequent vehicle purchases, but I decided to sell these vehicles when my wife and I planned to embark on full-time RV travels (February 2019–present).
- Used rideshare as a flexible and stable income base during these ventures and during our first year of travel.
